Summary

Question

Individual

Workload

8 responses

- Too much work
- Good amount of work
- Too little work

Leave suggestions regarding workload

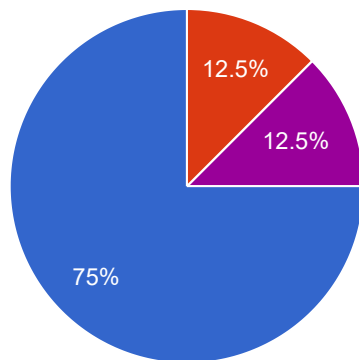

2 responses

The amount of work is expected

not sure what to do

Group Relationship (imbalanced = some people aren't doing enough)

8 responses

- Getting along with group mates and responsibilities are balanced
- Getting along with group mates but feel responsibilities are imbalanced
- Not getting along with group mates but responsibilities are balanced
- Unhappy with this group
- Not getting along with group mates but responsibilities are imbalanced

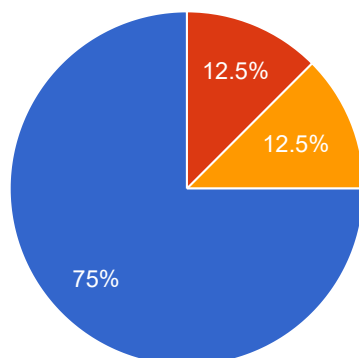

If you have a problem with the group, please give an example of the problem and describe here how we can improve this?

1 response

Tommy too op. Plz nerf. Only thing to fix that is for me to work harder to keep up

Meetings

8 responses

- Meetings are well-run and purposeful
- Meetings are well-run but useless
- Meetings are unorganized and messy but serve purpose
- Meetings are a mess

Suggestions regarding meetings

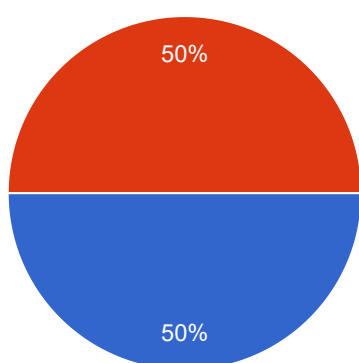

2 responses

Meetings tell us what to do very well

shorten the length, make it more focused

General Organization

8 responses

- Tasks are well defined and assigned
- Task list is well defined but need better assignment
- Task list is assigned well but unclear as to what needs to be accomplished
- Tasks are a mess

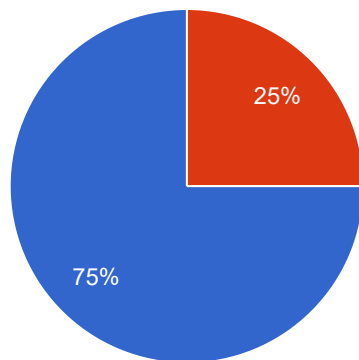

Suggestions regarding general organization
